

CRITICAL INFRASTRUCTURE WORKFORCE AUTHORIZATION LETTER

Law Enforcement Official: ESX Technology Solutions is aware that many local authorities have ordered all non-essential businesses to close. The bearer of this letter is providing essential services.

ESX Technology Solutions' operations are exempt from closure and travel restrictions because ESX Technology Solutions is part of the Critical Infrastructure Workforce, as detailed in guidance from the US Department of Homeland Security on March 19, 2020. This includes:

- All ESX Technology Solutions operations, including its subsidiaries and third-party providers with whom ESX has contractually engaged;
- All ESX Technology Solutions worksites, including to the extent services are administered at its facilities, at third party provider sites, or on customer premises; and
- ESX Technology Solutions employees transiting to and from the workplace, including ESX subsidiaries and third-party providers with whom ESX has contractually engaged.

The Critical Infrastructure Workforce includes those supporting the provision of essential global, national, and local infrastructure for computing services, business infrastructure, web-based services, and critical manufacturing. ESX Technology Solutions provides solutions that enable individuals to work remotely and educate themselves or their families from home, in addition to supplying technology and services that support other essential businesses, including Internet infrastructure, healthcare, government, law enforcement, education, and first responders.

The safety of our people, our customers, and our communities in which we operate are our top priorities. ESX Technology Solutions continues to closely monitor the latest COVID-19 updates and is taking all appropriate actions.

ESX is open for business since 2004 supporting our customers in all 50 states.

A handwritten signature in black ink, appearing to read 'H. Cornelius', is positioned above the printed name.

Henry Cornelius
